Meeting Dubai's Growing Demand for Timeless Stone Quality.

Faso Marble is a leading supplier of premium natural stones, specializing in the production and distribution of high-quality marble and granite. Based in Sajha Industrial, Sharjah, Faso Marble imports stones from various regions worldwide, meeting the stringent demands of the construction and interior design industries across the UAE and beyond.

About FASO MARBLE

Current Production Capacity

These capacities ensure that Faso Marble can handle large-scale projects while maintaining a steady supply of top-tier materials for our clients.

- Marble: 6,000 sq. meters per month
- Granite: 2,000 sq. meters per month

We meticulously select and import these materials to UAE, ensuring that every piece adheres to the high standards expected by our discerning clientele.

Faso Marble sources its materials from various reputable origins, known for their high-quality marble and granite. Our diverse range of stones offers a variety of textures, patterns, and colors, providing options that suit various architectural styles and interior designs.

Sourcing & Export

Growth Expectations

Looking ahead, Faso Marble is poised for significant expansion in both production and operational capacity:

MARBLE

**10,000 sq. meters
per month**

GRANITE

**4,000 sq. meters
per month**

These expansions are part of our strategy to meet the growing demand in the construction and interior design industries, further solidifying our reputation as a key player in the natural stone market.

Our Products

We take pride in offering a carefully curated selection of the finest natural stones sourced from renowned quarries worldwide.

Each stone is meticulously inspected to ensure it meets the highest standards of quality, durability, and aesthetic appeal.
